

BEFORE THE CORPORATION COMMISSION  
OF THE STATE OF OKLAHOMA

**FILED**  
NOV 08 2006

APPLICANT: CHESAPEAKE OPERATING, INC. AND  
CHESAPEAKE EXPLORATION LIMITED  
PARTNERSHIP

COURT CLERK'S OFFICE - OKLAHOMA  
CORPORATION COMMISSION  
OF OKLAHOMA 14

RELIEF SOUGHT: INCREASED WELL DENSITY

) CAUSE CD NO.

LEGAL DESCRIPTION: SECTION 19,  
TOWNSHIP 11 NORTH,  
RANGE 23 WEST,  
BECKHAM COUNTY, OKLAHOMA

) 200606312  
)  
)  
)

**AMENDED APPLICATION**

COMES NOW Applicant and shows the Honorable Corporation Commission as follows:

1. Parties: Applicant, Chesapeake Operating, Inc. and Chesapeake Exploration Limited Partnership, PO Box 18496, Oklahoma City, OK 73154, is the owner of oil and gas leasehold interests within the lands described in the caption hereof. The Respondents to this Application are shown on the Exhibit "A" attached hereto.

2. Allegation of Facts:

a. On the 6th day of January, 1971, this Commission entered Order No. 83283, designating Section 19, Township 11 North, Range 23 West, Beckham County, Oklahoma, as a 640-acre drilling and spacing unit for the Virgil common source of supply.

b. The well pattern and density prescribed by said Order are not adequate when taking into consideration the changed conditions which now prevail as compared to conditions known when such well pattern and density were first ordered. It is now necessary to authorize an additional well on said unit in order to effectuate the maximum recovery of hydrocarbons from said common source of supply. In order to prevent waste and protect the correlative rights of the parties in the reservoir, an additional well should be allowed on said unit.

c. There is one well on the above-described lands producing from the above-named common source of supply. Contemporaneously herewith, Applicant has filed two other increased well density Applications for the Virgil common source of supply underlying the unit. If all three Applications for increased well density are granted, a total of four wells will be allowed to produce from the Virgil common source of supply underlying the unit in question.

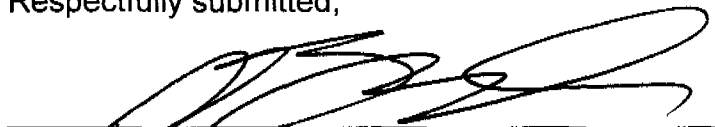

d. The additional well requested by Applicant is necessary to effectively and efficiently drain a portion of the common source of supply (reservoir) covered by the drilling and spacing unit established by said Order which cannot be effectively and efficiently drained by any existing well within said drilling and spacing unit.

3. Legal Authority: Title 52, Section 87.1, O.S.

4. Relief Sought: Applicant requests that Order No. 83283 be amended to authorize an additional well on the unit comprised of Section 19, Township 11 North, Range 23 West, Beckham County, Oklahoma, to test the Virgil common source of supply, and that Applicant or some other party be designated as Operator of such well.

WHEREFORE, Applicant prays that after notice and hearing as required by law, the Order amending said Order authorizing an additional well on the above-described unit be issued.

Respectfully submitted,

---
