To Whom It May Concern,

We have approved the transfer of 128 wells from WCT Operating, LLC (22138) to BCE-Mach LLC (24174). The lined through wells were not transferred because of these reasons:

- Could not transfer because not under the operator's number.
- Could not transfer because it is on the wrong form. Needs to put on form 1073I. They are injection wells.

Images of the approved forms will be available online in the next few days

Sincerely,
Romonda James
