COURT CLERK'S OFFICE - TULSA
CORPORATION COMMISSION
OF OKLAHOMA

A P P L I C A T I O N

COMES NOW Applicant and shows the Honorable Commission as follows:

1. Parties: Applicant herein is **Mahalo Energy (USA) Inc**, 5110 S Yale, Ste 101, Tulsa, OK 74135 (918)949-6829. The attorney for the Applicant is Michael D. Stack, 943 East Britton Road, Oklahoma City, Oklahoma 73114, Telephone: (405) 286-1717; Fax (405) 286-2122. The names and addresses of each person or governmental entity, other than the Applicant, currently having the right or claiming to have the right to participate in production from the Hartshorne common source of supply are set forth on Exhibit "A" attached hereto and made a part hereof.

2. Facts:

2.1 Applicant has the present right to drill in Section 7, Township 9 North, Range 16 East, McIntosh County, Oklahoma. Said Section 7 was designated as a 640 acre drilling and spacing unit for production from the Hartshorne common source of supply.

2.2 There are presently three wells completed in the Hartshorne common source of supply located in Section 7, Township 9 North, Range 16 East, McIntosh County, Oklahoma.

2.3 Since the date of entry of the drilling and spacing units additional or new data has been obtained in connection with the separate common sources of supply sufficient to show a substantial change in conditions or change in knowledge of conditions existing in said unit. It appears that the existing well will not and cannot effectively and efficiently drain all of the primarily recoverable hydrocarbons in such separate common sources of supply underlying such land. Therefore, the Commission should increase the well density for the **Hartshorne** common source of supply as an exception to **Order No. 540358** for the drilling of an additional well in Section 7, Township 9 North, Range 16 East, McIntosh County, Oklahoma.

2.4 Applicant or some other party recommended by Applicant, request the Commission to authorize and permit an additional well in said Section 7 to produce hydrocarbons from the Hartshorne common source of supply, and the Commission should establish a proper allowable for such well and such units.

3. Legal Authority: Title 52, Sections 86.1, 87.1; Title 17, Sections 270 and 271; OCC-OGR Rule 165:10-19-3, OCC Rules of Practice

4. Relief Sought: Applicant requests the Commission to enter order, to be effective as of the date of the execution thereof or as a date prior thereto, authorizing and permitting an additional well the 640-acre drilling and spacing units formed for the Hartshorne common

source of supply in the captioned unit. The Applicant further request the authorization and permission to allow the additional well to produce hydrocarbons from such common sources of supply and to establish a proper allowable for said well.

WHEREFORE, Applicant prays that, after notice and hearing as required by law, the increased well density as requested by Applicant, be permitted.

Respectfully submitted,

MICHAEL D. STACK, P.C.
