CAUSE CD NO.

RELIEF SOUGHT: POOLING (PART OF A MULTIUNIT  
HORIZONTAL WELL)

**201602481-T**

LEGAL DESCRIPTION: SECTION 29,  
TOWNSHIP 1 NORTH, RANGE 9 EAST,  
COAL COUNTY, OKLAHOMA

APPLICATION

COMES NOW Applicant and shows the Honorable Corporation Commission as follows:

1. Parties: Applicant is Bravo Arkoma, LLC, 1323 E. 71st Street, Suite 400, Tulsa, Oklahoma 74136, who is the owner of the right to drill a well to the common sources of supply named below underlying the lands described in the caption hereof by virtue of valid and subsisting oil and gas leases owned by Applicant covering portions of said land. The name of each party being made a respondent to this Application is as shown on Exhibit "A", attached hereto and made a part hereof.

2. Allegation of Facts:

a. The land described in the caption hereof constitutes a "drilling and spacing unit", as defined by Title 52, Section 87.1, O.S., and as heretofore established by the Commission by **order to issue in Cause CD No. 201602475-T** for the common sources of supply also named below; within said "drilling and spacing unit", there are two or more separately owned tracts or there are undivided interests separately owned for which the owners have not agreed to pool their oil and gas interests and to drill and develop the "drilling and spacing unit" and common sources of supply as a unit.

b. Applicant has conducted a diligent and meaningful search of the local county assessor's records, county treasurer's records, and county deed records regarding the property involved for return addresses on recorded instruments, county probate records and city and county telephone directories and other sources of such information to locate each respondent and has made a bona fide effort to reach an agreement as to the development of the unit with each respondent located by such search.

c. Applicant has drilled or proposes to drill a well on said "drilling and spacing unit" to test the common sources of supply named below and the avoiding of the drilling of unnecessary well, the prevention of waste, and the protection of correlative rights require that the Commission order all owners to pool their interests and to drill and develop the "drilling and spacing unit" and common sources of supply as a unit.

3. Legal Authority: Title 52, Section 87.1, O.S.

4. Relief Sought: Applicant requests that the Commission pool the interests and adjudicate the rights and equities of oil and gas owners in the **Caney, Woodford, Hunton and Sylan** common sources of supply underlying the 640-acre horizontal drilling and spacing unit described as Section 29, Township 1 North, Range 9 East, Coal County, Oklahoma all to be upon such terms and conditions as are just and reasonable and which will afford all of such owners the opportunity to recover or receive without unnecessary expense their just and fair share of all hydrocarbon substances produced therefrom; that the Commission make definite provisions for the payment of all actual costs and expenses, not to exceed reasonable costs and expenses of drilling and development, including a reasonable charge for supervision and designate Applicant or some other party as operator of the proposed well and all subsequent wells drilled in the unit; and that the Applicant be given one year to commence operations for the drilling or other operations with respect to the unit covered hereby.

WHEREFORE, Applicant prays that, after notice and hearing as required by law, all oil and gas interests be pooled and the rights and equities of all oil and gas owners be adjudicated.

Respectfully submitted,
