COURT CLERK'S OFFICE - OKC  
CORPORATION COMMISSION  
OF OKLAHOMA

APPLICATION

COME NOW Applicants and show the Honorable Corporation Commission as follows:

1. Parties: Applicants are Chesapeake Operating, Inc. and Chesapeake Exploration Limited Partnership, P.O. Box 18496, Oklahoma City, Oklahoma 73154-0496, who are the owners of the right to drill a well to the common sources of supply underlying the lands described in the caption hereof by virtue of valid and subsisting oil and gas leases owned by Applicants covering portions of said land. The name and address of each party being made a respondent to this application is as shown on Exhibit "A" attached hereto and made a part hereof. If any named natural person is deceased, then the known or unknown heirs, executors, administrators, trustees, devisees and assigns, immediate and remote, of such decedent are made respondents to this application. If any named respondent is a corporation which does not continue to have legal existence, then the known or unknown successors, trustees or assigns, if any, of such entity are made respondents to this application.

2. Allegation of Facts:

a. The land described in the caption hereof constitutes a "drilling and spacing unit", as defined by Title 52, Section 87.1, O.S., and as heretofore established by the Commission by Order Nos. 291063 and 475840, for the Permian, Cisco, Upper Hoxbar, Middle Hoxbar, Lower Hoxbar, Deese Group, Dornick Hills and Springer common sources of supply; within said "drilling and spacing unit", there are two or more separately owned tracts or there are undivided interests separately owned for which the owners have not agreed to pool their oil and gas interests and to drill and develop the "drilling and spacing unit" and common sources of supply as a unit.

b. Applicants have conducted a diligent and meaningful search of the local county assessor's records, county treasurer's records, county deed records regarding the property involved for return addresses on recorded instruments, county probate records and city and county telephone directories and other sources of such information to locate the whereabouts and mailing address of each respondent, or the identity, whereabouts and mailing address of respondent's heirs, executors, administrators, trustees, successors, devisees or assigns, if any. Applicants have made a bona fide effort to reach an agreement as to the development of the unit with each person located by such search.

c. Applicants have drilled or propose to drill a well on said "drilling and spacing unit" to test the common sources of supply and the avoiding of the drilling of unnecessary wells, the prevention of waste, and the protection of correlative rights require that the Commission order all owners to pool their interests and to drill and develop the "drilling and spacing unit" and common sources of supply as a unit.

3. Legal Authority: Title 52, Section 87.1, O.S.

4. Relief Sought: Applicants request that the Commission pool the interests, designate Applicants or some other party as operator, and adjudicate the rights and equities of oil and gas owners in the drilling and spacing unit and common sources of supply listed in paragraph 2a above, all to be upon such terms and conditions as are just and reasonable and which will afford all of such owners the opportunity to recover or receive without unnecessary expense their just and fair share of all hydrocarbon substances produced therefrom, and that the Commission make definite provisions for the payment of all actual costs and expenses, not to exceed reasonable costs and expenses of drilling and development, including a reasonable charge for supervision, with the final Order to be entered in this case to provide for one year from the date of entry within which to commence operations for the drilling of the initial unit well.

WHEREFORE, Applicants pray that, after notice and hearing as required by law, all oil and gas interests be pooled and the rights and equities of all oil and gas owners be adjudicated.

Respectfully submitted,

MORICOLI, HARRIS & COTTINGHAM
