**AMENDED APPLICATION**

COMES NOW Applicant and shows the Honorable Corporation Commission as follows:

1. Parties: Applicant, Jones Energy, LLC; Nosley SCOOP, LLC; and Nosley Acquisition, LLC, 807 Las Cimas Parkway, Suite 350, Austin, TX 78746, is the owner of oil and gas leasehold interests within the lands described in the caption hereof. The Respondents to this Application are shown on the Exhibit "A" attached hereto.

2. Allegation of Facts:

a. By the Order to issue in Cause CD No. 201808114, this Commission will designate Section 28, Township 10 North, Range 7 West, Grady County, Oklahoma, as a 640-acre horizontal drilling and spacing unit for the Mississippian, Woodford, and Hunton common sources of supply.

b. Said Order prescribes a well location for said drilling and spacing unit and common sources of supply covered by this Application, which well location, in the opinion of Applicant, is not, when taking into consideration all of the presently known conditions, proper for said drilling and spacing unit and common sources of supply covered hereby, and the prevention of waste and the protection of correlative rights require that the Commission should prescribe another well location for said drilling and spacing unit and common sources of supply.

c. The proposed well, at the location requested by Applicant, is necessary to effectively and efficiently drain a portion of the common sources of supply (reservoir) covered by said drilling and spacing unit comprised of the lands set out in the caption hereof, which cannot be adequately and efficiently drained by a well drilled at the permitted well location prescribed in said Order.

3. Legal Authority: Title 52, Section 87.1, O.S.
