2. Allegation of Facts.

2.1. By Order No. 107705, dated September 20, 1974, the Commission formed **640-acre non-horizontal drilling and spacing units in Section 28** Township 10 North, Range 7 West of the 1M, Grady County, Oklahoma, for the **Chester** and **Mississippi Lime** separate common sources of supply.

2.2. Since the date of entry of Order No. 107705, additional or new data has been obtained which constitutes a substantial change in conditions or change in knowledge of conditions existing in connection with the **Chester** and **Mississippi Lime** separate common sources of supply as covered by such order which shows that Order No. 107705 should be amended so as to delete **said Section 28** from the purview and boundaries of the **Chester** and **Mississippi Lime** separate common sources of supply and to vacate the 640-acre non-horizontal drilling and spacing units previously formed by such order for such separate common sources of supply in said Section 28.

2.3. By Order No. 669323, the Commission formed the boundaries of and 640-acre horizontal well units for the **Mississippian** and **Woodford** separate common sources of supply in lands adjoining or cornering said Section 28.

2.4. The development or trend of development in the area indicates that said Section 28 is wholly or substantially underlain by the **Mississippian** and **Woodford** formations, as a part of the **Mississippian** and **Woodford** separate common sources of supply, respectively, as established by the order set forth in paragraph 2.3, above. In the interest of securing the greatest ultimate recovery of oil and gas, preventing the various types of waste and protecting correlative rights, the order set forth in paragraph 2.3, above, as to the **Mississippian** and **Woodford** separate common sources of supply, should be amended to enlarge and extend the boundaries of such separate common sources of supply so as to cover and include said Section 28, and proper horizontal well units should be formed for such separate common sources of supply in such section, which units should be formed as 640-acre horizontal well units.

2.5. Attached to this application as Exhibit "B" and made a part hereof is a plat showing the horizontal well units requested, together with any units abutting or overlapping the area herein sought to be spaced.

3. Legal Authority. The relief sought by this application is authorized by 52 O.S. §87.1.

4. Relief Sought. Applicant requests the Corporation Commission of Oklahoma to enter an order, to be effective as of the date of the execution thereof or as of a date prior thereto, as follows:

(i) Amending Order No. 107705 to delete Section 28, Township 10 North, Range 7 West of the IM, Grady County, Oklahoma, from the purview and boundaries of the Chester and Mississippi Lime separate common sources of supply as covered by such order, and to vacate the 640-acre non-horizontal drilling and spacing units previously formed by such order for such separate common sources of supply in said Section 28;

(ii) Amending the order set forth in paragraph 2.3 above, to enlarge and extend the boundaries of the Mississippian and Woodford separate common sources of supply so as to cover and include said Section 28, and to form proper horizontal well units in such section for such separate common sources of supply, which units should be formed as 640-acre horizontal well units;

(iii) Granting such other and further relief as may be proper based upon the evidence presented at the hearing herein.
