2. Allegation of Facts.

2.1. By Order No. 709621, the Commission formed 640-acre horizontal well units in Section 28, Township 10 North, Range 7 West of the IM, Grady County, Oklahoma, for the Mississippian and Woodford separate common sources of supply.

2.2. Applicant has proposed a plan of development of the separate common sources of supply in the units involved herein and has proposed to commence such plan of development of such units by an initial well under such plan in the lands involved herein so as to test the productive possibilities of the separate common sources of supply named in paragraph 2.1, above.

2.3. Applicant has exercised due diligence to locate each of the respondents named herein and has made a bona fide effort to reach an agreement with each such respondent who could be located as to how the units involved in this cause would be developed. The respondents named herein have not agreed with Applicant to pool their interests or made other arrangements with Applicant respecting the proposed plan of development of the separate common sources of supply in the units covered hereby. Therefore, the interests of such oil and gas owners in the separate common sources of supply in the units involved herein should be pooled and the respective rights and equities of such owners should be determined and adjudicated.

(i) Pooling the interests of the oil and gas owners in the separate common sources of supply in the units described in paragraph 2.1, above, and adjudicating the rights and equities with respect thereto, on the basis of such units as a group or unit or in the aggregate, all to be upon such terms and conditions as are just and reasonable and which will afford such owners the opportunity to recover or receive without

unnecessary expense their just and fair share of all hydrocarbon substances produced from such units, making definite provisions for the payment of all actual costs and expenses of developing such units under the plan of development proposed by Applicant, including all costs and expenses of the proposed initial well under such plan of development, as described in paragraph 2.2, above, and any subsequent well or wells in the development of the units covered hereby, and requesting up to 365 days within which to commence operations on or in connection with such proposed initial well under such plan of development; and

(ii) Designating Camino Natural Resources, LLC or some other party recommended by Applicant as operator under the order to be entered in this cause of the separate common sources of supply in the units involved herein, including the proposed initial well and any subsequent well or wells drilled under or otherwise covered by Applicant's plan of development of such units.
