MOTION FOR PROTECTIVE ORDER

Oklahoma Natural Gas Company, a division of ONE Gas, Inc. (“Oklahoma Natural” or the “Company”) for its Motion for Protective Order states as follows:

1. In the course of these proceedings, Oklahoma Natural may wish to provide or may be asked to produce certain information which is considered confidential and proprietary. Without waiving any objection to future requests, Oklahoma Natural believes that a Protective Order should be issued now to cover such potential information to facilitate review of this Cause by the Commission’s Public Utility Division and to avoid later delay in the discovery process.

2. In order to protect such information from unauthorized disclosure, the Protective Order should cover the following:

Critical infrastructure (Homeland Security) information, specific employee/retiree compensation records and studies, employment tax returns, executive compensation studies, corporate tax returns, Board minutes, internal/external audit reports, internal management memoranda, non-public Sarbanes-Oxley compliance information, confidential contracts and agreements, commercially sensitive and proprietary information, and the underlying supportive documentation for these items.

A protective order covering the above materials is consistent with protective orders issued by the Commission in other Causes involving Oklahoma Natural and its books and

records. Oklahoma Natural reserves the right to seek an amendment to the protective order to cover additional information and materials should such be necessary.

WHEREFORE, Oklahoma Natural requests that the Commission issue a protective order covering the materials described above.

Respectfully submitted,
