COURT CLERK'S OFFICE - OKC
CORPORATION COMMISSION
OF OKLAHOMA

APPLICATION

1. PARTIES:

Applicant is **Payne Exploration Company**. Its address is 7500 North Robinson, Oklahoma City, Oklahoma 73116, **Telephone (405) 843-9419**. It is the owner of oil and gas leasehold interests within Section 25, Township 17 North, Range 5 West, Kingfisher County, Oklahoma. The parties being named as respondents to this application are listed on Exhibit "A" attached hereto.

2. ALLEGATION OF FACTS:

(A) It is the opinion of the Applicant that Section 25, Township 17 North, Range 5 West, Kingfisher County, Oklahoma, is wholly underlain by the Mississippi, Woodford and Hunton common sources of supply. Those common sources of supply appear susceptible to development using horizontal laterals. The Applicant therefore requests that a 640-acre horizontal drilling and spacing unit be created for such common sources of supply underlying said Section 25.

(B) The Commission has established non-horizontal 160-acre drilling and spacing units for the Mississippi Lime common source of supply in said Section 25 by Order No. 59564, as modified by Order No. 61637 and confirmed by Order No. 486918. The Commission has established 80-acre non-horizontal drilling and spacing units for the Hunton Lime common source of supply in the E/2 and SW/4 of said section by Order Nos. 62163 and 62669, as rearranged by Order No. 353233. There is no existing production in said Section 25 from those common sources of supply. Accordingly, the Applicant seeks an Order in this Application which will provide that the requested horizontal drilling and spacing units will supersede those existing non-horizontal drilling and spacing units.

(C) Attached to this Application and marked as Exhibit "B" is a plat showing the drilling and spacing units requested, together with any drilling and spacing units abutting or overlapping the lands within said Section 25.

(b) Applicant may request that said Order be made effective on a date prior to it signing.
