	GRADY COUNTY, OKLAHOMA)	686105

EMERGENCY ORDER

This cause came for hearing before the Corporation Commission of the State of Oklahoma on the 16th day of October, 2018, in the Commission Courtroom, Jim Thorpe Building, Oklahoma City, Oklahoma, with notice of hearing being given as shown by the Affidavit of Mailing on file in this cause.

The appearances included **Eric Huddleston**, attorney for Applicant.

FINDINGS

1. Applicant has filed in this cause its requests that this Commission create a 640-acre horizontal drilling and spacing unit by: (a) vacating Order No. 107705 insofar as it pertains to the Chester, Mississippi Lime, and Hunton common sources of supply underlying Section 28, Township 10 North, Range 7 West, Grady County, Oklahoma; and, (b) extending Order No. 664890 to include within its purview the Mississippian, Woodford, and Hunton common sources of supply underlying Section 28, Township 10 North, Range 7 West, Grady County, Oklahoma, with the unit well for said 640-acre horizontal unit to be located from its point of entry and along any point of its lateral, not less than 660 feet from said unit boundary for the Mississippian and Hunton common sources of supply, and not less than 165 feet from the north and south unit boundary and not less than 330 feet from the east and west unit boundary for the Woodford common source of supply.

2. Because of contractual commitments and rig availability, it is necessary to commence operations to drill, test, and complete the proposed well prior to the date on which this cause is set for hearing on the merits. Applicant may not produce the well under this Emergency Order.

3. The Commission has jurisdiction over the subject matter herein.

4. The evidence showed that the hearing on the merits is currently scheduled for October 29, 2018. The evidence further showed that Applicant intended to use a spudder rig which would be moved on location to set surface casing five to seven days prior to the date of the hearing on the merits, and by using the spudder rig they would save approximately \$56,000. The main rig will then move in on November 1, 2018, which is the Cactus Rig #144. If it is delayed because the spudder rig cannot move on location, its standby rate is \$17,600 per day. If there is any delay in drilling this well, Applicant may start having leases expire on November 2, 2018, and could lose as much as 50.1 acres which would have a value of \$271,685. In the absence of emergency relief, Applicant will suffer financial harm.

ORDER

IT IS THEREFORE ORDERED by the Corporation Commission of the State of Oklahoma that Jones Energy, LLC be and it is by this Order, granted the relief described above and granted authority to commence operations to drill, test, and complete the proposed well during the pendency of these proceedings.

Jones Energy, LLC is restricted from producing the subject well until the final determination in this cause. Provided further, that this Order is subject to the final determination of the Commission and shall expire 90 days from the date of this Order.

CORPORATION COMMISSION OF OKLAHOMA

Dana L. Murphy
