Subject: Mass Well Transfer
Attachments: CO&G mass transfer_03022017.pdf; form 1073I.pdf

To Whom It May Concern,

We have approved the transfer of 52 wells on the attached 1073MW from CO&G Production Group LLC (22100) to Tommy Tatro (17582). The lined through wells were not transferred. 4 were expired permits and never drilled. The Redfork Unit #24, API 143-20250 is an injection well and will need to be submitted on form 1073I. I have attached one for your convenience.

Tommy Tatro will need to file 1002A forms within 30 days for the following:

An amended 1002A showing the current status for 12 wells that are terminated injection wells.

And

A 1002A needs to be filed for 3 wells with an * (no 1002A could be found).

Sincerely,

Janie Hlinicky
