Re: Missing completion forms and logs for SWD wells

Dear Mr. Niskern,

In response to your letter dated July 24, 2015 (included), none of the requested forms (1002A, 1002C, 1001A, logs) are available for the requested wells. None of these wells have been drilled.

If you have any further questions please feel free to contact me at 469-499-0352 or [hschneider@silvercreekog.com](mailto:hschneider@silvercreekog.com).

Thank you,

Hilary Schneider

RE: (SEE ATTACHMENT)

Dear Mr. Beall:

We have not received Form 1002A Completion Reports, Form 1002C Cementing Reports, Form 1001A Spud Notices, nor open-hole wireline logs for the above wells, as required by Rules 165:10-3-2, 165:10-3-4(j), 165:10-3-25, and 165:10-3-26. These rules specify that a completion report with an attached cementing report shall be submitted within thirty days after completion of operations (sixty days for well logs), regardless of whether a well is a producer, dry hole, injection, disposal or service well, or a well that was plugged at a later date. A spud notice is also required within fourteen days of the well spudding date.

We are requesting that you submit the above Form 1002A Completion Reports, Form 1002C Cementing Reports, Form 1001A Spud Notifications, and well logs within 15 days from the date of receipt of this letter. Well logs must be complete, in one piece, and with complete locations noted. Please submit these forms along with a copy of this letter, marked to the attention of the staff member named in the closing sentence.

If you have any further questions regarding the submission of these documents within the allotted time, please contact Dennis Niskern at (405) 522-2977.

Sincerely,

A handwritten signature in black ink that reads "Duncan Woodliff".
